All the cases are supported by public sources for research. Those sources include court rulings, newspaper and magazine articles, and books. The database is linked to from [Justice Denied's](#) website.

User defined searches, and user defined sorts of any combination of more than 100 columns of data can be made for:

[U. S. cases from 1989 to 2016](#);
[U. S. cases prior to 1989](#);
and, [International cases up to 2016](#)

The database can now be sorted on a Compensation column to find such information as: the compensation awarded to persons for any year or state, or the compensation awarded in a particular type of case, such as those involving DNA or a false confession, etc.

The Innocents Database is an ongoing project that began more than 19 years ago, and now contains millions of bytes of data related to exonerations. The accessibility and usefulness of that data to the public and researchers is improved by the ability to search and sort for specific information.

3rd Revised and Updated Edition of "Kirstin Blaise Lobato's Unreasonable Conviction" Online!

The third revised and updated edition of [Kirstin Blaise Lobato's Unreasonable Conviction](#) — *Possibility of Guilt Replaces Proof Beyond A Reasonable Doubt* is available in PDF format to be read or downloaded at no charge for personal use from [Justice Denied's](#) website.*

The book details how Kirstin Lobato has twice been convicted of a July 8, 2001 Las Vegas homicide when the prosecution doesn't deny it has no physical, forensic, eyewitness, confession, informant, surveillance video or documentary evidence she was in Las Vegas at any time on the day of the crime. The prosecution also concedes she was at her home 165 miles from Las Vegas at the time new forensic entomology and forensic pathology evidence conclusively proves the man died between 8 p.m. and 10 p.m. The book also details that in 2001 the 18-year-old Ms. Lobato was prosecuted

even though the Las Vegas Metropolitan Police Department and the Clark County District Attorney's Office obtained evidence three days after her arrest she is innocent.

The 3rd revised edition has 57 pages of new information, that includes:

- * An updated Timeline of Ms. Lobato's case from 2001 to the present, that begins on p. 10.
- * Six new sub-chapters in the Appendix that begin on page 150. Those include a Power Point presentation of Ms. Lobato's case and the new evidence in her habeas corpus petition currently under review by the Nevada Supreme Court. Ms. Lobato's petition includes new evidence her jury didn't hear by more than two dozen expert, alibi, and third-party culprit witnesses that supports her actual innocence.

The 232-page book written by *Justice Denied's* editor and publisher Hans Sherrer is supported by 427 source endnotes. In documents filed in the Nevada Supreme Court, the Clark County District Attorney's Office and the State of Nevada don't assert there is a single factual error in the book.
